

UTHMAN QOZEEM OJO BSc, MSc

Contact address: Abuja, Nigeria.
Phone number: (+234)8169815359

Email address: gozeemuthman@gmail.com
LinkedIn: <https://ng.linkedin.com/in/uthman-qozeem-563b66185>
My personal website: <https://uthmangozeem.github.io/>

SUMMARY

I am a Dynamic Researcher in Health Sciences and proficient **Data Analyst** with expertise in **R programming**, seeking competitive opportunities in the health, medical, and tech sectors. Proven track record in Data Analysis, **Quality assurance**, and Research with a strong Educational Background and Practical Experience.

EDUCATION

- 2019-2021 **MSc in Reproductive Biology**
Pan African University, Life and Earth Sciences, Nigeria
Graduated with Distinction (91%)
- 2013-2017 **BSc in Human Anatomy**
University of Ilorin, Ilorin, Nigeria
Second Class Upper Division (75%)

LATEST DATA ANALYSIS PROJECTS

- 2024 **Tuberculosis Analysis Report**
- Employed R and visualization tools to analyze data and showcase results.
 - Created comprehensive reports and pinpointed potential areas for future healthcare policy research.
- Link: https://uthmangozeem.github.io/Tuberculosis_analysis/
- 2024 **Human Immunodeficiency Virus (HIV) Data and Report Analysis**
- Used statistical software, R and visualization tools to present findings.
 - Developed detailed reports and identified future research opportunity, for healthcare policy.
- Link: https://uthmangozeem.github.io/HIV_Analysis_report/
- 2024 **Sickle Cell Disease Data and Report Analysis**
- Conducted the analysis with R, visualized and presented findings on the dashboard.
 - Developed detailed reports for stakeholders, influencing healthcare policy.
- Link: https://uthmangozeem.github.io/SCD_MALARIA_REPORT/
- 2024 **Gap-minder 2007 Data Analysis Report**
- Applied data cleaning, transformation, and visualization techniques.
 - Created visualizations with R and Python to highlight key trends.
- Link: https://uthmangozeem.github.io/Gapminder_dash/#

SKILLS AND LANGUAGES

- **Programming:** R, SQL, Python, Postman, HTML, CSS
- **Data Visualization:** Tableau, ggplot2, Power BI and matplotlib.
- **Tools & Software:** Microsoft Excel, Microsoft Word, PowerPoint, Mendeley
- **Languages:** Proficient in English

CERTIFICATIONS AND SHORT COURSES

- Mar 2024 - **IDEAS Emerging Technology Skills Scholarship Programme**
Present Baze University & World Bank
- Jul 2023 - **Data Analytics Bootcamp**
Jan 2024 Alex the Analyst
- Oct 2022 - **R Programming**
Jan 2023 Graph Network, University of Geneva, Switzerland

WORK EXPERIENCE

Sep 2023 - Present **DATA ANALYST/QUALITY ASSURANCE ENGINEER**

Datharm, Abuja

- Utilize advanced statistical tools to analyze, and interpret complex datasets, enabling data-driven insights
- Conduct comprehensive analysis to evaluate the quality and integrity of data, ensuring it meets predefined standards
- Design and execute rigorous testing systems to identify and rectify issues within software products.
- Document test cases meticulously and maintain a comprehensive repository of test scenarios, ensuring thorough test coverage and traceability.
- Record and communicate test progress and results to stakeholders, offering clear insights into product readiness and quality.
- Develop and implement automated test scripts and frameworks to enhance testing efficiency, coverage, and repeatability.
- Establish and uphold quality standards, best practices, and procedures to assess product quality and determine release readiness.
- Identify and track software bugs throughout the testing lifecycle, ensuring timely resolution and continuous improvement.
- Identify potential user experience problems and ensure consistency, functionality, and usability in software interfaces.
- Collaborate with cross-functional teams, including developers, product managers, and designers, to identify process improvement opportunities and align testing efforts with project goals.
- Conduct root cause analysis of defects and provide actionable recommendations to prevent recurrence and improve software quality.
- Lead and participate in regular code reviews, ensuring adherence to quality standards and best practices.
- Mentor and train junior team members on testing methodologies, tools, and best practices to enhance team capabilities and performance.
- Stay current with emerging trends, tools, and technologies in data analysis and quality assurance to continually enhance testing strategies and approaches.
- Develop comprehensive data quality dashboards and reports to monitor key performance indicators (KPIs) and inform strategic decisions.

Mar 2023 - Aug 2023 **INTERN**

Datharm, Abuja

- Participated in primary health care landscape assessments.
- Proficient in communicating and collaborating with employees across various departments.
- Demonstrated ability to identify and fix errors in data, ensuring the integrity and reliability of databases.
- Gather and curate public health data from various sources, including government agencies.
- Employ statistical methods to extract meaningful insights and trends from public health data.
- Use data analysis tools and techniques to clean, validate, and process large datasets.
- Provide technical support to colleagues and stakeholders on data-related issues and software usage.

Jun 2022 - Dec 2023 **RESEARCH OFFICER/DATA ANALYST**

Medbridge International, Abuja

- Identified areas of research and provide required information.
- Source for funding, prepare research proposals and submit funding applications.
- Collaborated with research teams and agencies.
- Developed literature reviews, write research reports and discussion based on the results
- Used data analysis tools and techniques to clean, validate, and process large datasets.
- Employed statistical methods to extract meaningful insights and trends from public health data.

Sep 2022 - Aug 2023 **FELLOW**

Nigeria Jubilee Fellow Program, Alubarika Health Services

- Developed a strong foundation in healthcare practices and gained insights into reproductive health.
- Conducted presentations on various diseases and proposed effective solutions.
- Actively engaged in weekly seminars and participating in discussions on emerging health issues.
- Played a pivotal role in contributing to the acquisition and donation of essential items to hospitals

Mar 2022 - Aug 2022	INTERN West African Institute of Public Health
	<ul style="list-style-type: none">• Developed awareness and outreach campaigns• Assisted with event planning and logistics• Attended virtual training on Global health related matters
Jul 2022- Sep 2022	DATA ENTRY CLERK Basic Health Care Provision Fund, National Primary Health Care Development Agency
	<ul style="list-style-type: none">• Collection of data and entering into databases.• Followed up and communicated with company’s employees to gather data• Fixing errors as well as structuring data to aid fast and accurate data capture.
Mar 2018 - Oct 2018	NYSC MEMBER Local Government Primary Health Care, Mokwa, Niger State
	<ul style="list-style-type: none">• Assisted in scheduling general meeting and sending out of bulk messages• Part of immunization team and family planning health giver• Keeping office records

VOLUNTEER EXPERIENCE

Dec 2017-	Health Instructor
Feb 2018	YETTIM CARE FOUNDATION, DAMATURU, YOBE STATE. (NGO)

HONOURS AND AWARDS

2024	IDEAS Emerging Technology Skills Scholarship Programme Baze University & World Bank
2022	Award of Academic Excellence Undergraduate Scholarship Platform
2019 - 2021	Pan African University Master Program Scholarship Reproductive Biology (Award worth of \$17,000)
2011	Ilorin Emirate Scholarship Outstanding Secondary School Student

LEADERSHIP EXPERIENCE

Dec 2019 - Nov 2021	MSc Students’ Representative Pan African University
Apr 2018 - Oct 2018	PRO 1 Muslim Corpers’ Association of Nigeria, Mokwa, Niger State
Apr 2018 - Oct 2018	Chief Whip Sustainable Development Goals, Mokwa, Niger State
Aug 2018 - Oct 2017	Logistics Chairman Summa Vincerant College of Health Sciences, Unilorin
Sept 2011 - Aug 2012	President JETS Club, Secondary School, Ilorin
