UTHMAN QOZEEM OJO *BSc, MSc*

Contact address: Abuja, Nigeria.
Phone number: (+234)8169815359
Email address: qozeemuthman@gmail.com
LinkedIn: https://www.linkedin.com/in/uthman-qozeem

SUMMARY

I am a Dynamic Researcher in Health Sciences and proficient **Data Analyst** with expertise in R programming, seeking competitive opportunities in the health, medical, and tech sectors. Proven track record in Data Analysis, **Quality assurance**, and Research with a strong Educational Background and Practical Experience.

EDUCATION

2019-2021   **MSc in Reproductive Biology**
Pan African University, Life and Earth Sciences, Nigeria
*Graduated with Distinction (**4.59/5.00**)*

2013-2017   **BSc in Human Anatomy**
University of Ilorin, Ilorin, Nigeria
*Second Class Upper Division (**75%**)*

LATEST DATA ANALYSIS PROJECTS

2024   **Human Immunodeficiency Virus (HIV) Data and Report Analysis**
- Used statistical software, R and visualization tools to present findings.
- Developed detailed reports and identified future research opportunity, for healthcare policy.

Link: https://uthmanqozeem.github.io/HIV_Analysis_report/

2024   **Sickle Cell Disease Data and Report Analysis**
- Used statistical software, R and visualization tools to present findings.
- Developed detailed reports for stakeholders, influencing healthcare policy.

Link: https://uthmanqozeem.github.io/SCD_MALARIA_REPORT/

2024   **Gap-minder 2007 Data Analysis Report**
- Applied data cleaning, transformation, and visualization techniques.
- Created visualizations with R and Python to highlight key trends.

SKILLS AND LANGUAGES

- **Programming:** R, SQL, Python, Excel, HTML, CSS
- **Data Visualization:** Tableau, ggplot2, Power BI and matplotlib.
- **Tools & Software:** Postman, MS Word, PowerPoint, Mendeley
- **Languages:** Proficient in English

CERTIFICATIONS AND SHORT COURSES

Mar 2024 - **IDEAS Emerging Technology Skills Scholarship Programme**
Present   Baze University & World Bank

Jul 2023 - **Data Analytics Bootcamp**
Jan 2024   Alex the Analyst

Oct 2022 - **R Programming**
Jan 2023   Graph Network, University of Geneva, Switzerland

Nov 2020   **COVID-19 Combat and Emerging Respiratory Viruses**
WHO

Nov 2020   **Effective Communication for Healthy Outcomes**
YALINETWORK

Oct 2020   **COVID-19 Combat Ambassador**
           MBRU

WORK EXPERIENCE

Sep 2023 **-**   **Data Analyst/Quality Assurance Engineer**
Present   Datharm, Abuja

- Conduct comprehensive analysis to evaluate the quality and integrity of data, ensuring it meets predefined standards.
- Utilize advanced statistical tools to analyze, and interpret complex datasets, enabling data-driven insights
- Design and execute rigorous testing systems to identify and rectify issues within software products.
- Document test cases and maintain a comprehensive repository of test scenarios.
- Record and communicate test progress and results, offering clear insights into product readiness.
- Develop and implement automated test scripts to enhance testing efficiency and coverage.
- Establish and uphold quality standards and procedures to assess product quality and determine release readiness.
- Identify, isolate, and meticulously track software bugs throughout the testing lifecycle.
- Identify potential user experience problems and ensure consistency and functionality in software interfaces.
- Collaborate with cross-functional teams to identify process improvement opportunities.
- Collaborate effectively with engineers to align testing efforts with project goals and identify areas for improvement.

Mar 2023 **-**   **Internship**
Aug 2023   Datharm, Abuja

- Participated in primary health care landscape assessments.
- Proficient in communicating and collaborating with employees across various departments.
- Demonstrated ability to identify and fix errors in data, ensuring the integrity and reliability of databases.
- Gather and curate public health data from various sources, including government agencies.
- Employ statistical methods to extract meaningful insights and trends from public health data.
- Use data analysis tools and techniques to clean, validate, and process large datasets.
- Provide technical support to colleagues and stakeholders on data-related issues, software usage and data interpretation.

Jun 2022 **-**   **Research Officer/Data Analyst**
Dec 2023   Medbridge International, Abuja

- Identified areas of research and provide required information.
- Source for funding, prepare research proposals and submit funding applications.
- Collaborated with research teams and agencies.
- Developed literature reviews, write research reports and discussion based on the results
- Used data analysis tools and techniques to clean, validate, and process large datasets.
- Employed statistical methods to extract meaningful insights and trends from public health data.

Sep 2022 **-**   **Fellow**
Aug 2023   Nigeria Jubilee Fellow Program, Alubarika Health Services

- Developed a strong foundation in healthcare practices and gained insights into reproductive health.
- Conducted presentations on various diseases and proposed effective solutions.
- Actively engaged in weekly seminars and participating in discussions on emerging health issues.
- Played a pivotal role in a collaborative project with fellow participants, contributing to the acquisition and donation of essential items to hospitals

Nov 2022   **Quality Improvement and Assessment Advisor**
           National Primary Health Care Development Agency, Abuja

- Supported the scale up of quality improvement initiatives across primary healthcare centers in Kwara State
- Led a 5-day immersive workshop engaging participants through presentations and group activities

- Documented lessons learned and recommendations to inform future quality advisor trainings.

Sep 2022 **COVID-19 Training and Improvement Advisor**
National Primary Health Care Development Agency, Abuja

- Provided critical training and mentoring to healthcare workers in Kwara State to strengthen COVID-19 preparedness
- Conducted a 5-day intensive training workshop for frontline health workers on COVID-19 case management.
- Documented recommendations from the training to inform statewide efforts for strengthening PHCs for COVID-19 readiness.

Mar 2022 - **Intern**
Aug 2022 West African Institute of Public Health

- Developed awareness and outreach campaigns
- Assisted with event planning and logistics
- Attended virtual training on Global health related matters

Jul 2022- **Data Entry Clerk**
Sep 2022 Basic Health Care Provision Fund, National Primary Health Care Development Agency

- Collection of data and entering into databases.
- Followed up and communicated with company's employees to gather data
- Fixing errors as well as structuring data to aid fast and accurate data capture.

Nov 2020 - **Intern**
Mar 2021 Seminology Lab, Obstetrics and Gynecology Department, University College Hospital, Ibadan

- Assisted in samples collection from the patients as directed by Lab technician
- Assisted the lab technician to conduct seminal fluid analysis according to W.H.O 2010 guidelines
- Involved in histological view of specimen and histochemistry techniques.

Mar 2018 - **NYSC Member**
Oct 2018 Local Government Primary Health Care, Mokwa, Niger State

- Assisted in scheduling general meeting and sending out of bulk messages
- Part of immunization team and family planning health giver
- Keeping office records

VOLUNTEER EXPERIENCE
Dec 2017- **Health Instructor**
Feb 2018 YETTIM CARE FOUNDATION, DAMATURU, YOBE STATE. (NGO)

HONOURS AND AWARDS

2024 **IDEAS Emerging Technology Skills Scholarship Programme**
Baze University & World Bank

2022 **Award of Academic Excellence**
Undergraduate Scholarship Platform

2019 - **Pan African University Master Program Scholarship**
2021 Reproductive Biology (Award worth of $17,000)

2011   **Ilorin Emirate Scholarship**
Outstanding Secondary School Student

LEADERSHIP EXPERIENCE

Dec 2019 **-** **MSc Students' Representative**
Nov 2021   Pan African University

Apr 2018 **-** **PRO 1**
Oct 2018   Muslim Corpers' Association of Nigeria, Mokwa, Niger State

Apr 2018 **-** **Chief Whip**
Oct 2018   Sustainable Development Goals, Mokwa, Niger State

Aug 2018 **-** **Logistics Chairman**
Oct 2017   Summa Vincerant College of Health Sciences, Unilorin

Sept 2011 **-** **President**
Aug 2012   JETS Club, Secondary School, Ilorin

CONFERENCES AND SEMINAR PRESENTATIONS

June 2020   **Patient-Centered Care Workshop**
University Health Service, University of Ibadan, Nigeria

August 2017 **Seminar on "Larynx and Laryngeal Cancer"**
University of Ilorin, Ilorin, Nigeria

March 2020   **Seminar on "Harmful Traditional Practices within Africa"**
Pan African University, Life and Earth Sciences, Ibadan
